

Completions 2014-15

**Institution: University of Southern California (123961)**

**User ID: P1239611**

**Completions Overview**

Welcome to the IPEDS Completions survey component. The Completions component is one of several IPEDS components that is conducted during the Fall data collection period. It collects the number of degrees and certificates awarded by field of study, level of award, race/ethnicity, and gender. The reporting period for the Completions component is during the 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year; therefore, for this year's Completions component, the reporting period is between July 1, 2013 and June 30, 2014. The Completions component is also collecting the number of students (e.g., completers) who earned awards between July 1, 2013 and June 30, 2014.

**Completions Common Errors**

Some common completions component errors include the following:

- Including award levels on your current year Completions that were not reported on your previous year's (PY) Institutional Characteristics (IC). [Award levels in the PY IC component cannot be changed; therefore, contact the IPEDS Help Desk at 1-877-225-2568 if you need assistance.]
- Forgetting to select CIP codes for new programs of study that are offered by the institution, but do not have completions for the reporting period.
- Forgetting to enter in zero in at least one of the cells for CIP codes that do not have completions.

**Recent Changes**

- The following question on **distance education** has been added to the bottom of each individual "CIP Data" screen:  
"Is this program offered as a distance education program?"
- The following two screens, which collect data specifically on students were added to this component, beginning in the 2012-13 survey year:
  - "**All Completers**" - Collects the number of students who earned an award between July 1, 2013 and June 30, 2014 by gender and race/ethnicity. (The intent of this screen is to collect an **unduplicated count** of total numbers of completers.)
  - "**Completers by Level**" - Collects the number of students who earned an award between July 1, 2013 and June 30, 2014 by award level and 1) by gender; 2) by race/ethnicity; and 3) by age.
- The definition for Post-baccalaureate Certificate has changed slightly for the 2014-15 collection. The new definition is as follows: **An award that requires completion of an organized program of study beyond the bachelor's. It is designed for persons who have completed a baccalaureate degree, but does not meet the requirements of a master's degree.**

**NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered sub-baccalaureate undergraduate programs, and students in these programs are undergraduate students.**

**General Information**

CIP Codes:

The [CIP 2010 Website](#) includes a list of new CIP codes, a list of deleted CIP codes, a list of moved CIP Codes, and an online crosswalk of the 2000 CIP and 2010 CIP.

The [Resources Page](#) of the CIP 2010 website contains many valuable resources including:

- CIP 2010 Manual and copies of previous editions of the CIP Manual
- Crosswalk between the 2000 CIP codes and the 2010 CIP codes in Excel format

Keep in mind that some information provided by institutions on the Completions component appear in the [College Navigator](#), which is a major tool used by consumers searching for information about postsecondary education. It is therefore vitally important that you include accurate information about your institution.

Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). **Global Edits**

Perform Edits	Your institution reported in the prior year Institutional Characteristics survey that it offers undergraduate distance education opportunities (courses and/or programs), but you did not respond "Yes" to the distance education program question for any CIP code (award levels 1 to 5). Please correct your data or explain if your institution does not offer full programs via distance education. (Error #10585)	Explanation	Yes	
Reason:	Although undergraduate students may be given clearance to take classes in online distance education programs, the distance education programs are at the graduate level.			
Perform Edits	Current year completions (124) are outside the expected range when compared to completions reported in the prior year (81) for: Women, 2-digit field (4), award level (7). Please correct your data or explain. (Error #10506)	Explanation	Yes	
Reason:	In the last five years, our planning and architecture programs saw an increase and then a decrease in female enrollment--with a peak in Fall 2012/Fall 2013. The students from this peak may now be at a stage where they are graduating from the institution. Thus, this shows as a notable increase in completions.			
Perform Edits	Current year completions (25) are outside the expected range when compared to completions reported in the prior year (8) for: Women, 2-digit field (11), award level (5). Please correct your data or explain. (Error #10505)	Explanation	Yes	
Reason:	Overall, steady increase in enrollment over the past five years, with a notable increase in Computer Science. These trends are reflected in the degree completions. If there are more female enrollees, then there are likely to be more completions by females.			
Perform Edits	Current year completions (42) are outside the expected range when compared to completions reported in the prior year (13) for: Women, 2-digit field (13), award level (6). Please correct your data or explain. (Error #10505)	Explanation	Yes	
Reason:	In 2012 and 2013, we began offering new graduate certificate programs in Education. Students enrolled in these new programs are now starting to graduate.			
Perform Edits	Current year completions (93) are outside the expected range when compared to completions reported in the prior year (49) for: Women, 2-digit field (30), award level (5). Please correct your data or explain. (Error #10506)	Explanation	Yes	
Reason:	This increase is due to the addition of 3 new programs in Cognitive Science and Human Biology in Fall 2011 and Fall 2012.			
Perform Edits	Current year completions (16) are outside the expected range when compared to completions reported in the prior year (36) for: Women, 2-digit field (31), award level (5). Please correct your data or explain. (Error #10505)	Explanation	Yes	
Reason:	Enrollments and Degrees earned have gradually declined as we no longer offer as many programs from kinesiology in this CIP family. We now have only one Bachelor's degree in Human Performance that is being counted here. Our kinesiology programs are now offered as part of the physical therapy programs (e.g., biokinesiology and physical therapy), and primarily at the graduate level. Thus, there will continue to be declines as these programs have been phased out.			
Perform Edits	Current year completions (37) are outside the expected range when compared to completions reported in the prior year (15) for: Women, 2-digit field (44), award level (6). Please correct your data or explain. (Error #10505)	Explanation	Yes	
Reason:	The increase here is due to the introduction of new programs within the School of Policy, Planning and Development. We have more students graduating from the online Homeland Security certificate program. Additionally, we are now starting to see a few students graduating from our new International Policy and Planning program.
